

# I UNDER LANDET

Anna Cochrane (violin)  
Erik Dahl (piano, concertina)

## Biography:

**I Underlandet is a duo from Göteborg in Sweden. They have been working together since 2009. The duo has been highly praised by reviewers for the precision with which they play together and the originality of their music.**

I Underlandet play newly written atmospheric folk music. With a base in traditional Swedish music they create compositions that have a film-like quality. Echoes can be heard of pop, art music and jazz. The name I Underlandet is Swedish for In Wonderland. It is a way of highlighting the music's ability to transport you to incredible places.

The duo has performed at small and big venues, including Folkatónleikastevna, Faroe Islands 2010, Odense Folk Festival, Denmark 2011, Hagenfesten, Sweden 2012, Fanø Free Folk Festival, Denmark 2013
